

Action Project of Yuva Paryavaran Leader Students

Adarsh Jee Pandey, 11th std
Shree Mahaprabhu Schools and Colleges
Allahabad

Theme - Waste Management

Objective- To make a pollution free society.

Need of the Project- There are many changes occurring in our environment and the main reason behind these changes is pollution. This pollution occurs due to improper disposal of garbage. This is one of the biggest problem today because this adversely effects our environment. This garbage becomes the breeding ground for the various disease causing agents. The gas which is evolved on burning this garbage pollutes the air by poisoning it.

How you will achieve it-

- 1) Skits and plays done in school to aware people.
- 2) Plantation drives.
- 3) Debate competitions.
