

A green teacher can transform the school and the society!

Green Teacher

Diploma in Environmental Education
A Distance Education Programme

Centre for Environment Education (CEE) and Commonwealth of Learning (COL) Vancouver, Canada have established the Green Teacher Diploma in Environmental Education (EE). CEE is a national institution established in 1984 as a Centre of Excellence in EE by Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India.

In the year 2007, The Green Teacher Programme received the Srishti g³ award for Good Green Governance in the NGO category.

Green Teacher: A Podium for Excellence in EE

The Green Teacher offers teachers an opportunity to empower themselves with the requisite knowledge and skills for effective transaction of concepts in environment and development in the classroom. All teachers and educators irrespective of their subjects of specialization will find this diploma meaningful. The teaching skills developed by the teachers are relevant to any subject for quality learning and development of competencies.

What will you Gain

- Diploma in EE from a Centre of Excellence in EE.
- Skills to utilize interactive teaching-learning methodologies.
- Strengthen your professional standing and broaden your scope to be a subject expert.
- A stepping stone for you towards pursuing other degrees or research programmes in the field of EE and communication.

Study Centres

Ahmedabad, Bangalore, Delhi, Guwahati, Lucknow and Pune. A study centre can be established at other locations too depending upon the number of enrolment.

Programme Details

Green Teacher is a one-year Diploma programme. It includes two compulsory contact sessions of about five days each. The self-study hours are approximately 60 hours/module) and another 200 hours for projects.

Learning Material

The Learning Material consists of a Learners Handbook, four Self-Learning Modules and two essential readings. Each of the following four modules contains a set of study notes, reading material and self-assessment exercises.

- Life Support Systems and Basics of Ecology
- Understanding Sustainable Development
- Environmental Education in Schools
- Resources and Opportunities for EE

Examination, Evaluation and Diploma Certificate

Programme -end examination will be conducted in June/July/August at the six Study Centres. Besides the written exam, module assignments, participation at the contact sessions, programme project, its presentation and report, will form a part of the overall evaluation.
