

Action Project of Yuva Paryavaran Leader Students

Mehak Jaswal, 11th std
The Millennium School
Lucknow

Theme- Greening and Biodiversity

Objective-The Goal of my project is to develop a herbal garden within in the school campus to impart knowledge to the students who would be the mentors of a greener India of tomorrow.

Need of the project- The project Aims at imparting knowledge on the Herbal plants and its Medicinal values in addition to the education on development of environment which is being depleted day by day.

How you will achieve it- The sequence of my actions to develop the project would be as under:-

- (a) The broad plan would be worked out in terms of the area required the variety of plants to be grown and the availability
- (b)The plan would then be presented to my principal for her approval of land and resources in terms of water and school gardeners help
- (c)The liaison visit by self and my teacher to the National Medicinal Plant board Office and The Centre for Aromatic and Medicinal Plant board for the assistance in developing the Herbal garden.
- (d) The financial assistance from School, friends and parents.
- (e) The Production of saplings for sale in future for self sustenance of the project.
