

Action Project of Yuva Paryavaran Leader Students

Prachi Gautam, 8th std
Kastoorba Gandhi Awasiya Balika Vidyalaya
Chinhut, Lucknow

Theme- Greening and biodiversity

Objective- To carry out plantation drives in the school campus and nearby areas.

Need of the project- Due to the vehicular pollution the air gets polluted, plants purify the air and provide oxygen, they also help in replenishing the ground water level by causing rain.

How you will achieve it-

Firstly I will carry out an awareness drive to aware people about the benefits of the plants. With the help of my friends I will be removing the weeds from the school ground and the nearby areas.
Then I will carry out a plantation drive to plant the environment friendly plants.
