

Action Project of Yuva Paryavaran Leader Students

Simran Sharma, 9th std
T.D Girls Inter College
Lucknow

Theme- Waste management

Objective - To make a clean and green environment.

Need of the project- Waste disposal is one of the biggest problem of our country. Improper disposal of wastes makes the surrounding look unclean and causes various health problems and grave diseases.

How you will be achieving it-

I will be installing handmade dustbins of cardboards.

I will be writing a letter to the DM to make strict laws directing the citizens to keep their environment clean and fine them if they do not follow it.

I will aware people to segregate their waste and dump it properly.
